

SPAMHAMMER

Powered by SYNERGY NETWORKS

Tired of 1000's of spam messages **per day**?

Incoming mail enters your inbox, and so does a lot of spam.

Spam Hammer's smart email filtering system scans your incoming mail.

Spam Hammer removes spam and viruses from your inbound mail.

SPAM is a term used for unsolicited email or junk mail which floods the Internet and your inbox.

Did you know:

- Over 85% of all email sent is spam.
- 150 billion spam emails are sent a day.
- Studies suggest nearly half of all Americans spend over 40 minutes per day sorting through and deleting unwanted or unsolicited spam.
- Spam has steadily increased in volume since the early 1990's and virus infected computers send about 80% of all spam.

SPAM blocks 99% of spam and features a number of e-mail filtering services including:

- **Smart spam filtering**
- **Offsite spam quarantine**
- **And three layers of anti-virus protection.**

Call us at **239-790-7000** for more information.

Your inbox is now clean and virus free.
